

Exotic Species in the Marmara, Black, Azov and Caspian Seas

CONTENTS

Page

Executive Summary

Introduction and General Remarks

Chapter 1. The Aegean Sea

Physical Geography, Biology, Ecology

Exotic species.

Plants

Acanthophora muscoides

Caulerpa racemosa

Codium fragile

Ganonema farinosum

Laurencia intermedia

Invertebrates

Callinectes sapidus

Mnemiopsis leidyi

Rapana thomasiana

Fishes

Alepes djeddaba

Atherinamorus lacunosus

Gambusia affinis holbrooki

Hemiramphus far

Lagocephalus spadiceus

Leiognathus klunzingeri

Liza carinata

Mugil soiuy

Parexocoetus mento

Pempheris vanicolensis

Sargocentron rubrum

Saurida undosquamis

Scomberomorus commerson

Siganus luridus

Siganus rivulatus

Sphyræna chrysotaenia

Stephanolepis diaspros

Upeneus moluccensis

Additional Information to Chapter 1

Chapter 2. The Sea of Marmara

Physical Geography, Biology, Ecology

Exotic species

Plants

Rhizosolenia calcar-avis

Invertebrates

Anadara inaequalis

Mya arenaria

Marsupenaeus japonicus

Mnemiopsis leidyi

Rapana thomasiana

Sirpus zariqieyi

Teredo navalis

Fishes

Gambusia affinis holbrooki

Mugil soiuy

Additional Information to Chapter 2

Chapter 3. The Black Sea

Physical Geography, Biology, Ecology
Exotic species

Plants

Alexandrium monilatum
Desmarestia viridis
Gymnodinium uberrimum
Mantoniella squamata
Phaeocystis pouchettii
Rhizosolenia calcar-avis

Invertebrates

Acartia tonsa
Anadara inaequalis
Balanus eburneus
Balanus improvisus
Beroe cucumis
Blackfordia virginica
Callinectes sapidus
Crassostrea gigas
Doridella obscura
Eriocheir sinensis
Hesionides arenarius
Mercierella enigmatica
Mnemiopsis leidyi
Mya arenaria
Perigonimus megas
Potamopyrgus jenkinsi
Rapana thomasiana
Rithropanopaeus harrisii tridentata
Teredo navalis
Urnatella gracilis

Fishes

Gambusia affinis holbrooki
Hypophthalmichthys molytrix
Lepomis gibbosus
Mugil soiyuy

Additional Information to Chapter 3

Chapter 4. The Sea of Azov

Physical Geography, Biology, Ecology
Exotic species

Plants

Rhizosolenia calcar-avis

Invertebrates

Anadara inaequalis
Balanus improvisus
Beroe cucumis
Callinectes sapidus
Doridella obscura
Mercierella enigmatica
Mnemiopsis leidyi
Mya arenaria
Perigonimus megas
Rapana thomasiana
Rithropanopaeus harrisii tridentatus
Teredo navalis
Urnatella gracilis

Fishes

Mugil soiyu

Additional Information to Chapter 4

Chapter 5. The Caspian Sea

Physical Geography, Biology, Ecology

Exotic species

Plants

Rhizosolenia calcar-avis

Invertebrates

Acartia clausi

Balanus eburneus

Balanus improvisus

Barentsia benedeni

Blackfordia virginica

Conopeum seurati

Corrophium volutator

Hypanis colorata

Mercierella enigmatica

Moerizia maeotica

Mytilaster lineatus

Nereis diversicolor

Palaemon adspersus

Palaemon elegans

Pentacoelum caspicum

Perigonimus megas

Pleopis polyphemoides

Rithropanopaeus harrisii tridentatus

Tenellia adpersa

Fishes

Liza aurata

Liza saliens

Additional Information to Chapter 5
