

ONLINE IOI OCEAN ACADEMY
IOI Ocean Academy Course offered online by IOI & Turkish Marine Research Foundation, Turkey

Conservation and Sustainability of the Marine Environment in Turkish Seas

The second online Ocean Governance Course will be offered jointly by Turkish Marine Research Foundation (TUDAV) and International Ocean Institute (IOI) to upgrade the Ocean Literacy between 14th November - 23rd December 2022.

The first course organized between April 4 and May 16, 2022 attracted a great deal of interest beyond our expectations and completed successfully with the participation of 40 applicants. In the selection of the participants; gender equality in advance of women, the inclusion of representatives of different business areas and institutions and also geographic distribution for covering the representation of four seas are taking into consideration.

Applications for the second course will start to be received online on October 10, 2022.
